

**Ph.D. was awarded by VTU to the following
Research Scholars of Mechanical engineering
department Researchcenter affiliated to VTU.**

#	Guide	Research Scholar	Area	Date of Ph. D awarded/ viva-voce
1	Dr B P Shivakumar	Suresh Holi	Optimization of Job Shop Scheduling Problem with Setup Times using Genetic Algorithm approach.	17/10/2019
2		Hanumanth ray goud	Experimental Studies of forging effect on particulate reinforced Al/SiC MMCs	11/10/2019
3		Siddappa P N	Synthesis and Characterization of cold extruded Al/TiCp MMCs.	02/01/2020
4	Dr.Shankargoud Nyamannavar	G M Swamy	Experimental investigation and analysis of wear of Single Point and Drill bit using Acoustic Emission and surface roughness.	01/06/2020
5	Dr. Mrutunjaya.M	K C A Padmanabha N	Development and Characterization of AL-Cu Alloy Hybrid Composites.	1/3/2021
6	Dr. Shankargoud Nyamannavar	Parasurama S	Investigation of alternate Refrigerants to replace R13a in Domestic Refrigerator.	1/2/2021
7	Dr. BV Raghavendra	SavinJ P	Study of mechanical properties & machining parameters on Al-CNT based MMC	10/03/2022
8	Dr. Anandkumar R Annigeri	J. S. Srikantamurthy	Static and free vibration studies of magneto-electro-elastic conical shells	10/03/2022
